our focus.

We remove the financial barrier for youth sports participation by solely focusing on covering the cost of registration fees.

Cost is the No. 1 reason kids aren't playing youth sports. It's the unseen disadvantage sidelining millions of kids.

our solution.

The Every Kid Sports Pass covers recreational youth sports registration fees up to \$150, four times a year, per child, for qualifying families.

Our proven model of activation has been getting kids in the game for over a decade.

It's private. It's efficient. It's effective.

our qualifiers.

The Every Kid Sports Pass is available for kids ages 4-18, whose families qualify for SNAP, WIC, or ACA Insurance.

Our focus is on those kids with the greatest need for financial assistance. We're leveling the playing field to playing youth sports.

our business model.

We're funded by corporations, foundations, and individual donations, all sharing the common bond of sport.

.85¢ of every dollar given goes towards the paying of recreational youth sports registration fees—the biggest barrier to a kid's participation.

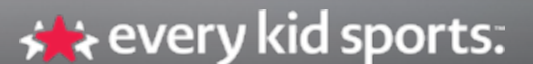

a private way to pay.

Our model uses a funded, controlled debit card for an efficient and private registration process for families.

Our partnership with Chek™ allows us to provide qualified families the privacy of their economic status and register their kids just like everyone else.
