HIGHLIGHTS

- + SUPPORTED KIDS PLAYING 15 UNIQUE SPORTS
- + BOY TO GIRL SUPPORT CLOSE TO 50/50
- + SUPPORTED ALL SIX US REGIONS

**MISI W., AGE 7, KENNEWICK, WA
 CHEERLEADING**

"Misi was having a difficult time in school. She would disrupt the classroom, hit peers, scream, and run away. I had to go to school nearly every day. I felt bad for Misi as her big emotions were affecting her education and socialization. After testing for neurological conditions, she was diagnosed with ADHD. Knowing her energy level, I decided to get her into a sport. Misi chose cheerleading. This school year, she's adjusting well. Without practice, Misi struggles more, but she enjoys her team and the sport. She hopes to cheer in high school and try wrestling too." - Misi's mom, Ariel

**CAMERON P., AGE 16, GRAND ISLE, VT
 MARTIAL ARTS**

"When I was younger, I had no self control and it severely affected my daily life. It was through karate that I learned of techniques that helped me know how to control myself better. I'm excited to learn new skills and I hope to become a black belt and help teach classes part-time." - Cameron P.

**MASON G., AGE 8, WESLEY CHAPEL, FL
 SOCCER**

"I just wanted to really say how much I appreciate Every Kids Sport. If it wasn't for them my son would not be able to play his favorite sport which is soccer. As a single mother it is extremely hard to be able to spend money on things like sports. However, you guys have made that possible for us. My son has been able to not only play but also make amazing friends. He has improved his skills as well. I just want to say thank you so much for all that you do!" - Mason's mom, Vanessa

**NASIYAH E., AGE 13, TULSA, OK
 DANCE**

"Every Kid Sports has kept NaSiyah on track to fulfilling her dreams of becoming a dancer. Without the help of Every Kid Sports, I would not be able to afford to sponsor her dance. She is excited to learn new skills and dance in front of large crowds." - NaSiyah's Mom, Yasmin
